ANALYTICS PARTNER

Date and Time Wizard

Tech Tips – IBM SPSS Statistics

How can we transform data with dates and time?

- We have data with dates (year, month, day).

- We want to create date variables.

- We want to calculate age from dob.

- We can use the Date and Time Wizard.

- Go to **Transform** menu.

- Select **Date and Time Wizard.**

- It will ask you what you would like to do and provides a range of options.

Thank You
