1. INTRODUCTION

These instructions are for installing the IBM SPSS Statistics 30 Site License for Mac desktop computers. A site license allows you to install IBM SPSS Statistics on as many computers as the number of licenses you purchased. You will need your authorisation code to be able to license the IBM SPSS Statistics Site License. To install, you must be logged on to your computer with administrator privileges.

2. DOWNLOADING IBM SPSS STATISTICS VERSION 30

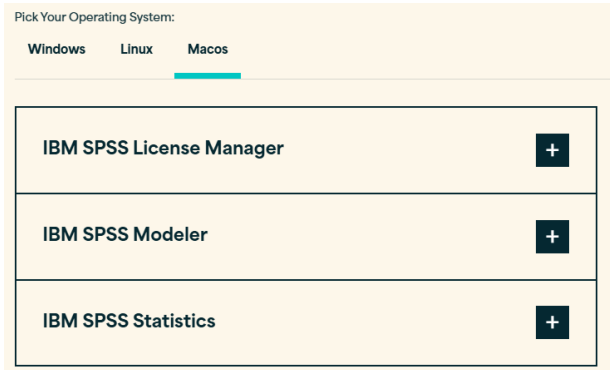

2.1. Link to IBM SPSS Statistics

Please follow the link below to download the version of IBM SPSS Statistics:

[SPSS Customer Portal | SPSS Analytics Partner](#)

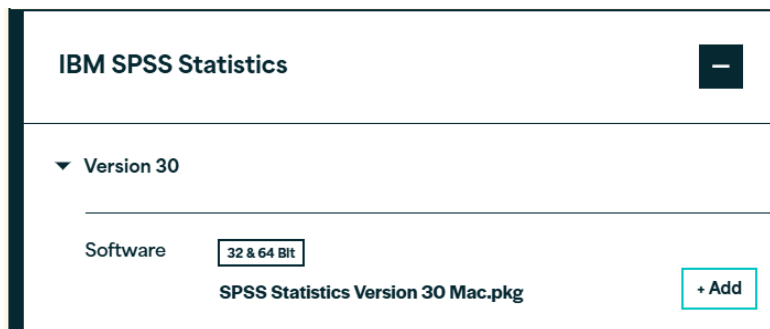

2.2. Operating System

Scroll down and select your Operating System

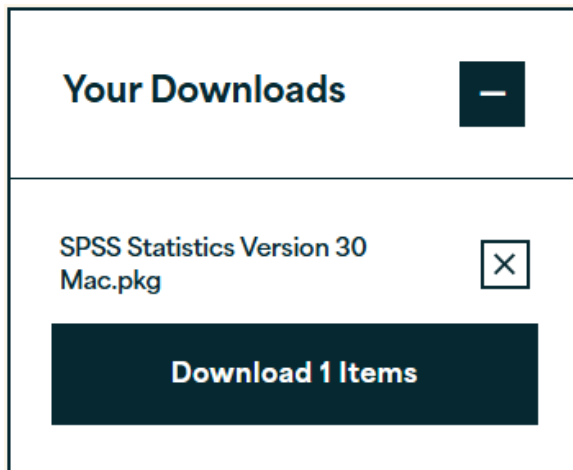

2.3. Selecting Version 30

Expand IBM SPSS Statistics and Version 30. Select the software you need and click add.

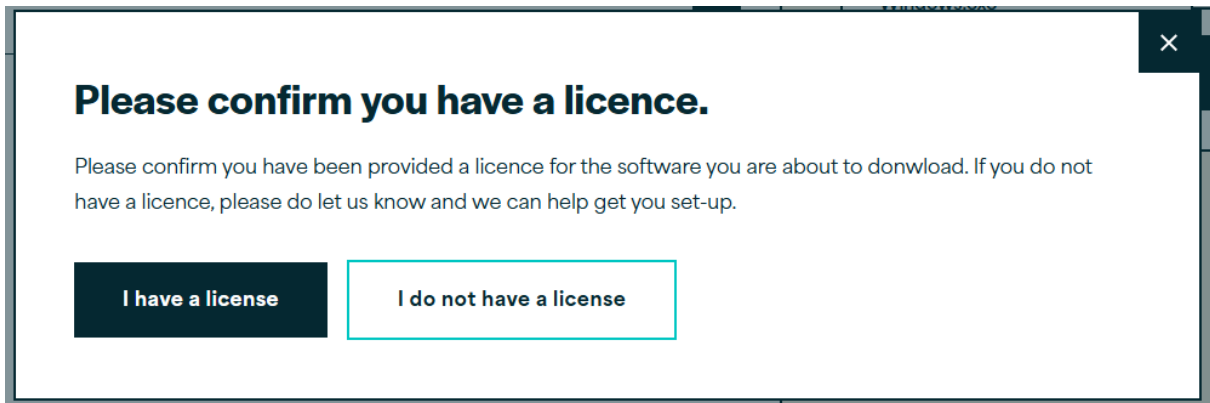

2.4. Your Downloads

Your selection will appear in the 'Your Downloads' section to the right. Select Download.

2.5. Confirm License

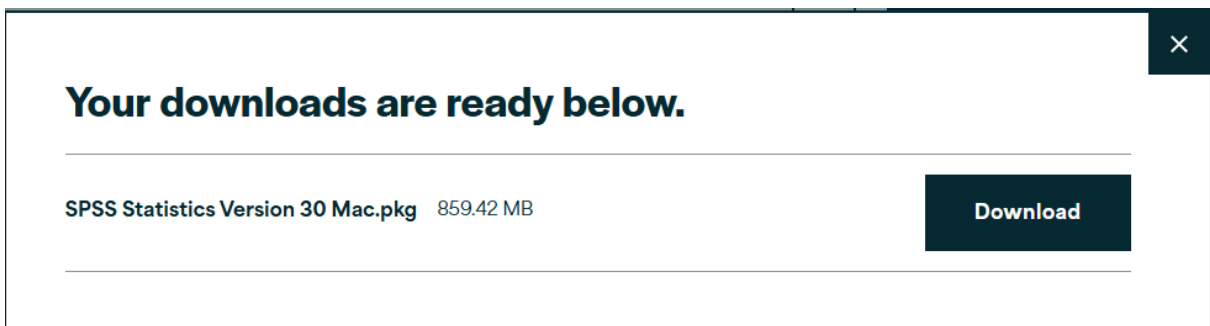

Confirm that you have a license.

A dialog box with a dark border and a close button (X) in the top right corner. The title is "Please confirm you have a licence." Below the title is a paragraph of text: "Please confirm you have been provided a licence for the software you are about to download. If you do not have a licence, please do let us know and we can help get you set-up." At the bottom, there are two buttons: "I have a license" (dark blue) and "I do not have a license" (white with a dark blue border).

2.6. Download is Ready

You will receive a message that your download(s) are ready. Click the Download button to download the software.

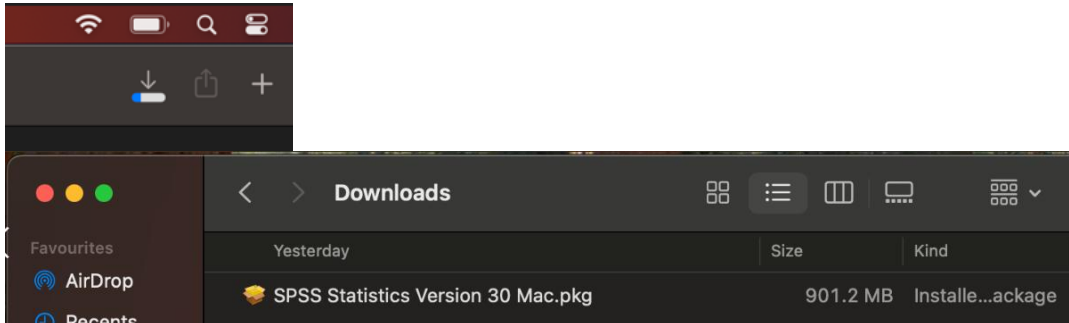

A dialog box with a dark border and a close button (X) in the top right corner. The title is "Your downloads are ready below." Below the title is a horizontal line. Underneath the line, the text "SPSS Statistics Version 30 Mac.pkg 859.42 MB" is displayed. To the right of this text is a dark blue button labeled "Download". Another horizontal line is positioned below the text and button.

3. INSTALLING IBM SPSS STATISTICS VERSION 30

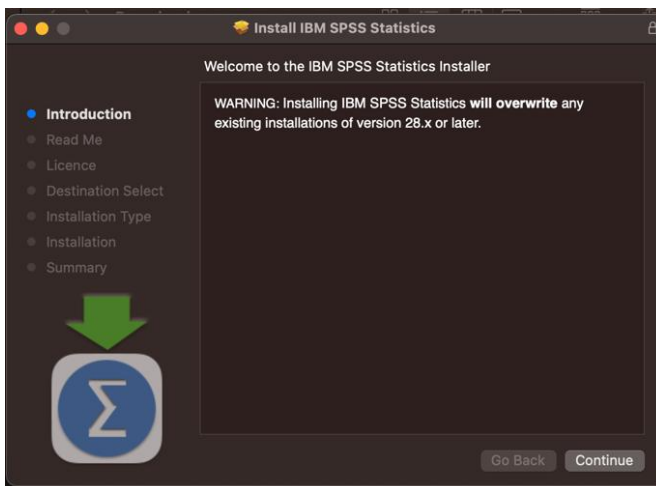

3.1. Download is Complete

When you click Download you will be able to see the software downloading in the Safari window. Once this has downloaded open the downloads tab and select the .pkg file.

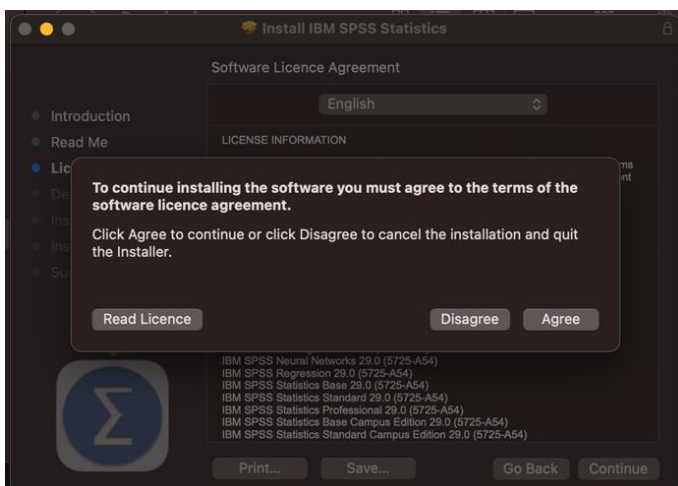

3.2. Running the .pkg File

Run the .pkg file and follow the steps. Note that you will receive a message that informs you that IBM SPSS Statistics will overwrite any existing installation. Click on "Continue".

3.3. Software License Agreement

To continue the installation of the SPSS Software you must agree to the terms of the software license agreement.

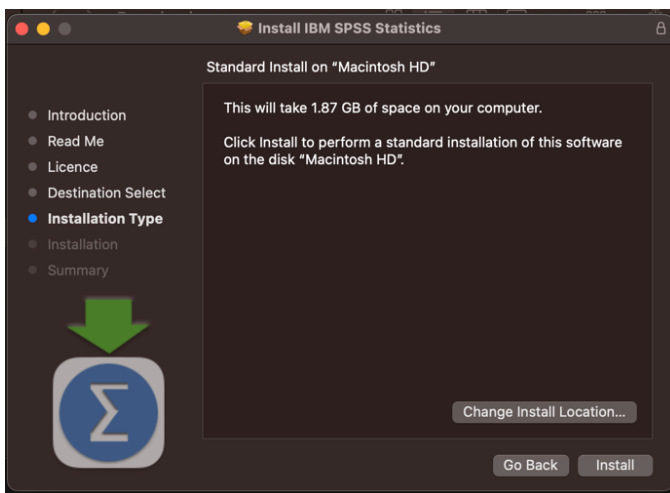

3.4. Proceeding with Installation

Select the location you wish this software to be installed then press continue.

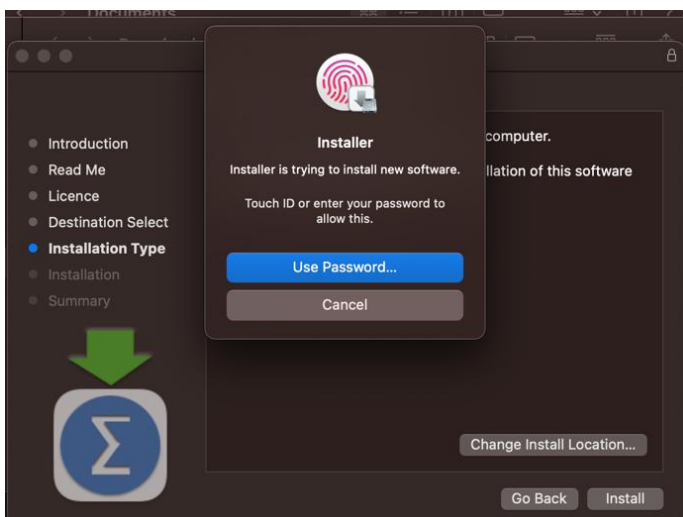

3.5. Install

Click Install

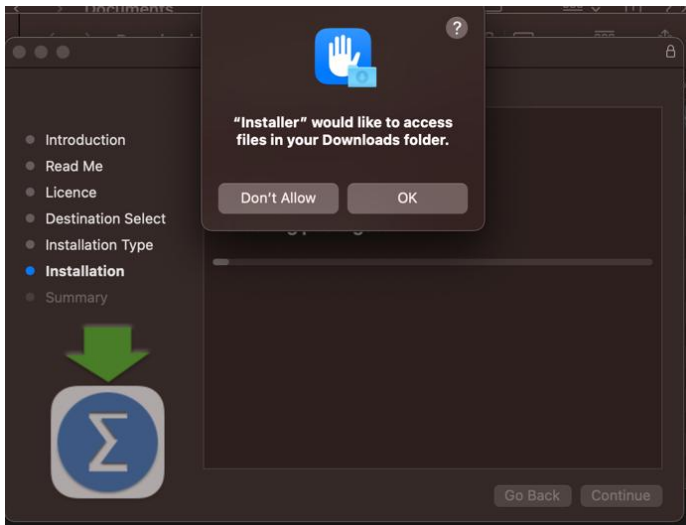

3.6. Confirm Installation

Using Touch ID or your password confirm the installation.

3.7. Installer Permission

Give "Installer" permission to access files in your Downloads Folder by pressing "Ok".

You will receive a message that the installation was successful.

4. LICENSING YOUR IBM SPSS STATISTICS

IBM SPSS Statistics will now need to be licensed, you will need your 20-digit authorisation code for this.

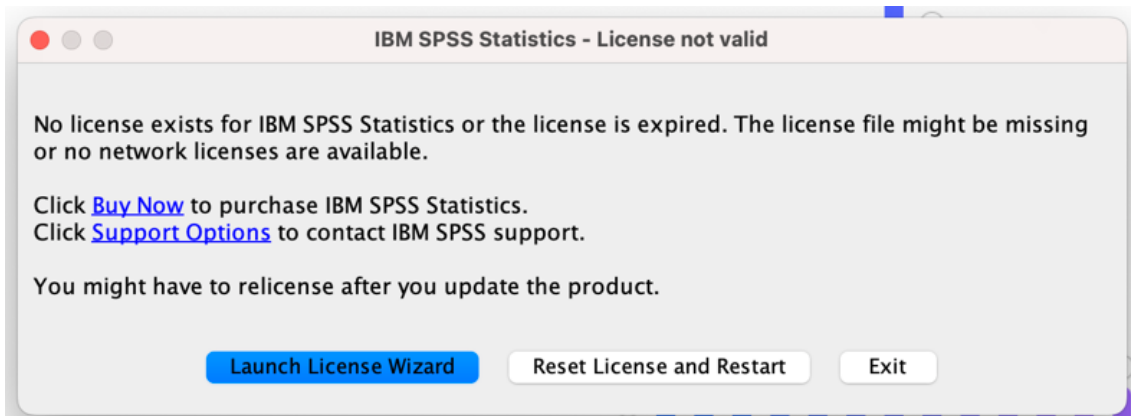

4.1 Open SPSS Statistics

Open the SPSS Statistics software in the applications folder.

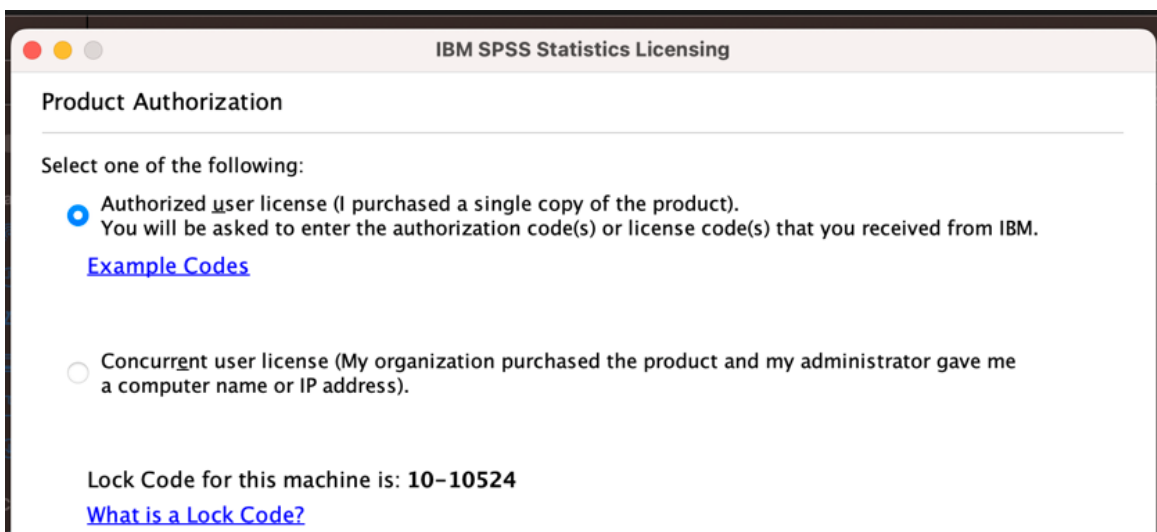

4.2 Launching License Wizard

Click the "Launch License Wizard" option.

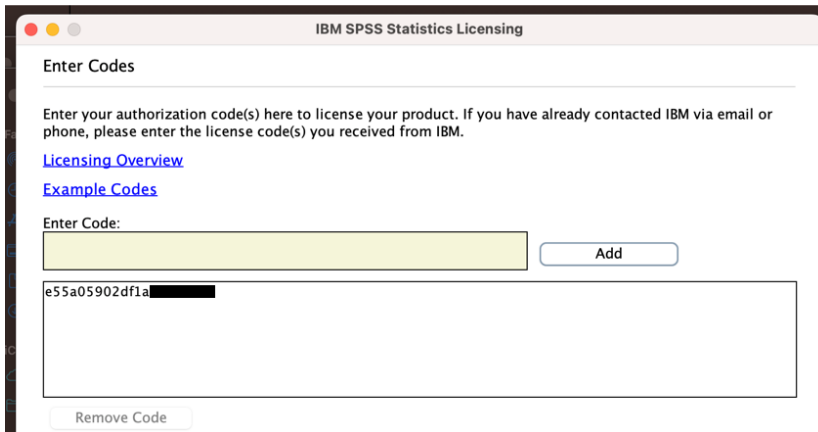

4.3 Authorisation

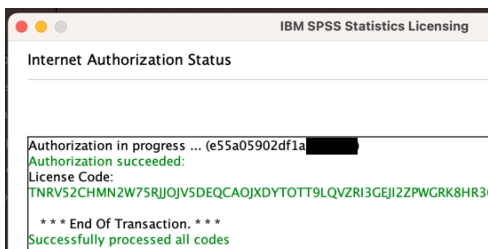

Select "Authorised User License" and "Next"

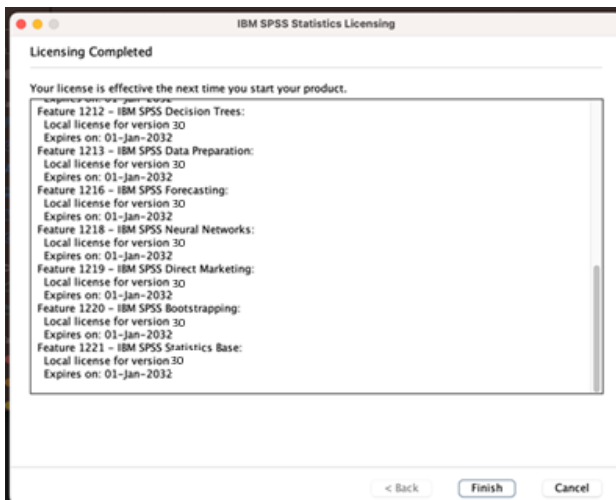

Please copy and paste your Authorisation Code in the “Enter Code” box and click “Add” and “Next”. If you have more than one code, you can click “Add” and enumerate them one by one.

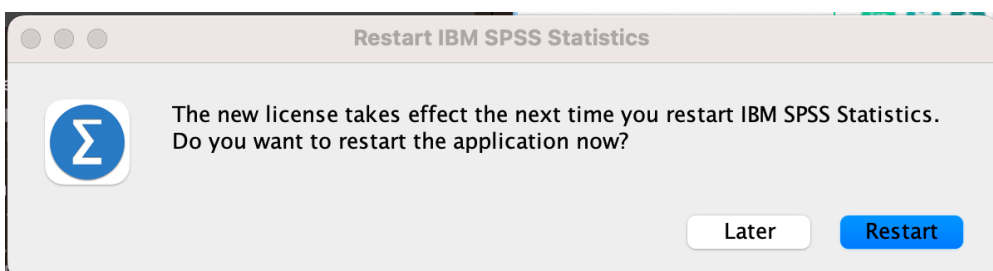

You will receive a message that the authorisation has succeeded.

As the image below states, your IBM SPSS Statistics will now be fully licensed when you open it next. You can click ‘Finish’ and restart your computer for the licensing to be fully activated.

You will then receive a message that states, “The new license takes effect the next time you restart IBM SPSS Statistics”. You have the option to select “Later” or “Restart”.

Thank you
